VITAFORCE HERBAL DETOX AND CLEANSE, tablets

Read all of this leaflet carefully because it contains important information for you
VITAFORCE HERBAL DETOX AND CLEANSE is available without a doctor's prescription, for you to treat a mild illness. Nevertheless, you still need to use VITAFORCE HERBAL DETOX AND CLEANSE carefully to get the best results from it.

- Keep this leaflet. You may need to read it again.
- Do not share VITAFORCE HERBAL DETOX AND CLEANSE with any other person.
- Ask your healthcare provider or pharmacist if you need more information or advice.

WHAT VITAFORCE HERBAL DETOX AND CLEANSE CONTAINS

The active substance is:
Aloe ferox Mill (Bitter aloe) 166,0 mg
(leaf sap extract standardised to min 18 % aloin)

The other ingredients are:
Magnesium stearate, microcrystalline cellulose and sodium starch glycolate.

WHAT VITAFORCE HERBAL DETOX AND CLEANSE IS USED FOR

Category D Complementary Medicine
Discipline 33.6: Western Herbal Medicine
Promotes bowel movements.
Provides relief of irregular bowel movements (constipation).

BEFORE YOU TAKE VITAFORCE HERBAL DETOX AND CLEANSE

- Do not take VITAFORCE HERBAL DETOX AND CLEANSE if you are hypersensitive (allergic) to any of the ingredients.
- Do not use VITAFORCE HERBAL DETOX AND CLEANSE if you suffer from any of the following medical conditions: abnormal constrictions of the gut, potential or existing blockage in the gut, atonic colon (lazy colon), appendicitis (sore, swollen and diseased appendix), inflammatory colon disease (e.g. Crohn's disease or ulcerative colitis), abdominal pain of unknown origin, undiagnosed blood coming from the anus, severe dehydration with loss of water or electrolytes (minerals), haemorrhoids (piles) or diarrhoea.
- Do not take VITAFORCE HERBAL DETOX AND CLEANSE if you are pregnant or breastfeeding.
This unregistered medicine has not been evaluated by SAHPRA for its quality, safety or intended use.

Take special care with VITAFORCE HERBAL DETOX AND CLEANSE

Consult your healthcare practitioner if your symptoms persist or worsen.
Consult your healthcare provider before use:

- If you need to use VITAFORCE HERBAL DETOX AND CLEANSE everyday, i.e. for longer than a brief period. Prolonged use might damage the way your stomach functions and make you depend on the use of VITAFORCE HERBAL DETOX AND CLEANSE. Your doctor will investigate the cause of your constipation.

- If you take thiazide diuretics (used for high blood pressure), corticosteroids (used for inflammation) or liquorice root which may affect the balance of minerals in your body.
- If you have a kidney disease, take medicine to treat heart failure or to control the rhythm of your heart (e.g. digoxin or amiodarone).
- If you take medicine to treat diabetes as VITAFORCE HERBAL DETOX AND CLEANSE might affect your blood sugar level. If you should have an operation, stop taking VITAFORCE HERBAL DETOX AND CLEANSE two (2) weeks before the operation.
- If you have faecal impaction (large, hard mass of stool that gets stuck so badly in your rectum that you can't push it out) or symptoms such as abdominal pain, nausea or vomiting. These might be the symptoms of a blockage that keeps food or liquid from passing through your stomach.

If you experience abdominal pain, cramps, spasms and/or diarrhoea while taking VITAFORCE HERBAL DETOX AND CLEANSE, you should reduce the dose or discontinue use.

Pregnancy and Breastfeeding

If you are pregnant or breastfeeding your baby, please consult your healthcare provider for advice before taking VITAFORCE HERBAL DETOX AND CLEANSE. VITAFORCE HERBAL DETOX AND CLEANSE is not safe for use during pregnancy or breastfeeding.

Important information about some of the ingredients of VITAFORCE HERBAL DETOX AND CLEANSE

Sugar free.
Suitable for vegans and vegetarians.

Taking other medicines with VITAFORCE HERBAL DETOX AND CLEANSE

Always tell your healthcare provider if you are taking any other medicine. Contact your doctor before taking VITAFORCE HERBAL DETOX AND CLEANSE if you take:

- Digoxin (used for heart failure): Theoretically, overdose of VITAFORCE HERBAL DETOX AND CLEANSE could intensify the side effects due to removal of potassium from the body.

- Diuretic medicines (water pills): Overuse of VITAFORCE HERBAL DETOX AND CLEANSE might potentiate the removal of potassium from the body by diuretics (water pills), such as chlorothiazide, chlorthalidone, furosemide or hydrochlorothiazide. This effect can increase the risk of hypokalaemia (low levels of potassium in the blood).
Your doctor might tell you to take a potassium supplement or increase your intake of potassium.
- Corticosteroids (used to treat inflammation), liquorice root or other medications or health products which may worsen the electrolyte (minerals) imbalance when taken together with VITAFORCE HERBAL DETOX AND CLEANSE.
- The sugar lowering effect of antidiabetic medicines (e.g. metformin) can intensify when taken together with VITAFORCE HERBAL DETOX AND CLEANSE.

HOW TO TAKE VITAFORCE HERBAL DETOX AND CLEANSE

Do not share medicines prescribed for you with any other person.
Always take VITAFORCE HERBAL DETOX AND CLEANSE exactly as instructed. You should check with your doctor or pharmacist if you are unsure.
The usual dosage is:
Adults and children over 12 years of age: Take one tablet at bedtime. Allow at least 6-12 hours for laxative effect to occur.
Take a few hours before or after taking other medicines.

Take two to three times per week.
If results are not observed, the frequency of use may be increased up to once daily.

For use beyond 7 days consult your healthcare practitioner.

If you take more VITAFORCE HERBAL DETOX AND CLEANSE than you should

In the event of overdose, consult your doctor or pharmacist. If neither is available, contact the nearest hospital or poison control centre.

If you forget to take a dose of VITAFORCE HERBAL DETOX AND CLEANSE

Do not take a double dose to make up for forgotten individual doses.

POSSIBLE SIDE EFFECTS

VITAFORCE HERBAL DETOX AND CLEANSE can have side effects.
VITAFORCE HERBAL DETOX AND CLEANSE may produce abdominal pain and cramps and passage of liquid stools, in particular in patients with irritable colon. However, these symptoms may also occur generally as a consequence of individual over dosage. In such cases dose reduction is necessary.
Continued use over prolonged period may lead to disorders in water and electrolyte (minerals) balance and may result in damage to the kidneys. Furthermore, prolonged use may cause pigmentation (discolouration) of the lining of the gut. This effect usually gets reversed when treatment is stopped.
Yellow or red-brown (pH dependent) discolouration of urine.
Some individuals may be allergic to aloe, if you experience symptoms of an allergic reaction such as an itchy red rash, swollen lips, tongue, eyes, wheezing, chest tightness, shortness of breath and cough, discontinue use immediately and seek medical attention.
Not all side effects reported for VITAFORCE HERBAL DETOX AND CLEANSE are included in this leaflet. Should your general health worsen or if you experience any untoward effects while taking VITAFORCE HERBAL DETOX AND CLEANSE, please consult your healthcare provider for advice.
If you notice any side effects not mentioned in this leaflet, please inform your doctor or pharmacist.

STORING AND DISPOSING OF VITAFORCE HERBAL DETOX AND CLEANSE

Store all medicines out of reach of children.
Store at or below 25 °C.

VOORDAT VITAFORCE HERBAL DETOX AND CLEANSE GEBRUIK WORD

- Moenie VITAFORCE HERBAL DETOX AND CLEANSE gebruik indien jy hipersensitief (allergies) is vir enige van die bestanddele nie.
- Moenie VITAFORCE HERBAL DETOX AND CLEANSE gebruik indien jy aan die volgende mediese toestande ly nie: abnormale konstriksies van die ingewande, potensibele of bestaande blokkasies in die ingewande, atoniese kolon (lui kolon), appendisitis (seer, geswellede en siek blinddarm), inflammatoriese kolon siekte (bv. Chron se siekte of ulseratiewe kolitis), abnormale pyn van onbekende oorsprong, ongediagnoseerde bloed wat uit die anus kom, ernstige dehidrasie met 'n verlies aan water of elektroliete (mineraal), aambeie of diarree.
- Moenie VITAFORCE HERBAL DETOX AND CLEANSE neem as jy swanger is of borsvoed nie.
Hierdie ongeregistreerde medisyne is nie deur SAHPRA geëvalueer vir sy gehalte, veiligheid of beoogde gebruik nie.

Neem spesiale sorg met VITAFORCE HERBAL DETOX AND CLEANSE

Raadpleeg jou gesondheidsorgpraktisyn indien jou simptome voortduur of vererger.
Raadpleeg jou gesondheidsorgverskaffer voor gebruik:

- As jy nodig het om VITAFORCE HERBAL DETOX AND CLEANSE elke dag te gebruik, dit wil sê langer as 'n kort tydperk. Langdurige gebruik kan die manier waarop jou maag funksioneer beskadig en jou afhanglik maak op die gebruik van VITAFORCE HERBAL DETOX AND CLEANSE.

- Indien jy laksied-diuretika's (vir hoë bloeddruk) neem, kortikosteroïde (vir inflammasie) of liquorice wortel wat die balans van minerale in jou liggaam kan afleëter.
- Indien jy niersiekte het, medisyne neem om hartversaking te behandel of harttime te beheer (bv. digokseen of amiodaron).
- As jy medisyne neem om diabetes te behandel aangesien VITAFORCE HERBAL DETOX AND CLEANSE jou bloedsuikervlakke mag afleëter.
- As jy 'n operasie moet ondergaan, hou twee (2) weke voor die operasie op om VITAFORCE HERBAL DETOX AND CLEANSE te neem.
- As jy fekale impaksie het (groot, harde massa van feses wat so erg in jou rektum vassit, dat jy dit nie kan uitdruk nie) of simptome soos abdominale pyn, raarheid of braking. Hierdie mag die simptome van 'n blokkade wees wat kos of vloeistof keer om deur jou maag te beweeg.

Indien jy abdominale pyn, krampe, spasmas en/of diarree ervaar terwyl jy VITAFORCE HERBAL DETOX AND CLEANSE neem, moet jy die dosis verminder of gebruik staak.

Swangerskap en Borsvoeding

As jy swanger is of jou baba borsvoed, raadpleeg jou gesondheidsorgverskaffer voordat jy VITAFORCE HERBAL DETOX AND CLEANSE gebruik.
VITAFORCE HERBAL DETOX AND CLEANSE is nie veilig vir gebruik tydens swangerskap of borsvoeding nie.

Belangrike inligting in verband met sommige van die bestanddele in VITAFORCE HERBAL DETOX AND CLEANSE

Suikervry.
Geskiik vir vegane en vegetariërs.

As jy ander medisyne saam met VITAFORCE HERBAL DETOX AND CLEANSE neem

Sel altyd jou gesondheidsorgverskaffer in kennis indien jy enige ander medisyne gebruik.
Kontak jou dokter voor die neem van VITAFORCE HERBAL DETOX AND CLEANSE as jy die volgende gebruik:

- Digoksien (word gebruik vir hartversaking): Teoreties kan die oorgebruik van VITAFORCE HERBAL DETOX AND CLEANSE die newe-effekte vererger as gevolg van die verwydering van kalium uit die liggaam.
- Diuretiese medisyne (waterpille): Oorgebruik van VITAFORCE HERBAL DETOX AND CLEANSE mag die verwydering van kalium uit die liggaam potensier deur diuretika's (waterpille), soos chlorotiasied, chlorthalidon, furosemed of hidrochlortiasied. Hierdie effek kan die risiko van hipokalemie (lae vlakke van kalium in die bloed) verhoog. Jou dokter sal dalk vir jou sê om 'n kaliumaanvulling te neem of jou inname van kalium te verhoog.
- Kortikosteroïde (word gebruik om inflammasie te behandel), liquorice wortel of ander medikasie of gesondheidsprodukte wat die elektroliet (mineraal) wanbalans kan vererger indien dit saam met VITAFORCE HERBAL DETOX AND CLEANSE geneem word.
- Die suikerverlaagende effek van antidiabetiese medisyne (metformien) kan versterk wanneer dit saam met VITAFORCE HERBAL DETOX AND CLEANSE geneem word.

HOE OM VITAFORCE HERBAL DETOX AND CLEANSE TE GEBRUIK

Moenie jou medisyne met enige iemand anders deel nie.
Neem VITAFORCE HERBAL DETOX AND CLEANSE altyd presies soos aangevel. Beveilig met jou dokter of apteker indien jy onseker is.
Die normale dosering is:
Volwassenes en kinders ouer as 12 jaar: Neem een tablet met slaaptyd. Laat ten minste 6-12 ure toe vir lakerende effek om plaas te vind.
Neem 'n uur voor of na die neem van ander medisyne. Neem twee tot drie keer per week. Indien resultate nie waargeneem word nie, kan die frekwensie van gebruik verhoog word na eenkeer daaglik.
Vir gebruik langer as 7 dae, raadpleeg jou gesondheidsorgpraktisyn.

Indien jy meer VITAFORCE HERBAL DETOX AND CLEANSE gebruik as wat jy behoort

Indien oordosering vermoed word, raadpleeg onmiddellik jou dokter of apteker. Indien geneem beskikbaar is nie, kontak die naste hospitaal of gifteersentrum.

Indien jy vergeet het om VITAFORCE HERBAL DETOX AND CLEANSE te neem

Moenie 'n dubbele dosis neem om vir oorgeestane dosisse te vergoed nie.

MOONTLIKE NEWE-EFFEKTE

VITAFORCE HERBAL DETOX AND CLEANSE kan newe-effekte hê. VITAFORCE HERBAL DETOX AND CLEANSE kan abnormale pyn, krampe en passering van los stoelgange veroorsaak, veral in pasiënte met 'n irriteerbare kolon. Hierdie simptome kan egter ook algemeen voorkom as gevolg van individuele condorsing. In sulke gevalle is dosevermindering nodig.
Aanhoudende gebruik oor verlengde periodes mag lei tot afwykings in water en elektroliet (mineraal) balans en kan skade aan die niere tot gevolg hê. Verder kan langdurige gebruik, pigmentasie (verkleuring) van die voering van die ingewande tot gevolg hê. Hierdie effek is omkeerbaar wanneer behandeling gestop word.
Geel of rooi-bruin (pH-afhanklike) verkleuring van urine.
Sommige individue mag allergies wees vir aalwyn. Indien jy simptome van 'n allergiese reaksie ervaar soos 'n joukeerige, rooi uitslag, geweele lippe, tong, oë, huyging, stywe bors, kortasem en hoës, staak gebruik onmiddelik en soek mediese aanda.
Nie alle newe-effekte wat vir VITAFORCE HERBAL DETOX AND CLEANSE aangemeld is word in hierdie voublaad genoem nie. Indien jou algemene gesondheid verswak of indien jy enige nadelige effekte ondervind terwyl jy VITAFORCE HERBAL DETOX AND CLEANSE gebruik, moet jy asseblief jou gesondheidsorgverskaffer raadpleeg.
Indien jy enige newe-effekte waarneem wat nie in hierdie voublaad genoem word nie, moet jy jou dokter of apteker daarvan vertel.

VITAFORCE HERBAL DETOX AND CLEANSE

PROFESSIONAL INFORMATION

SCHEDULING STATUS

Unscheduled

PROPRIETARY NAME AND DOSAGE FORM

VITAFORCE HERBAL DETOX AND CLEANSE, tablets

COMPOSITION

Each tablet contains:
Aloe ferox Mill (Bitter aloe) 166,0 mg
(leaf sap extract standardised to min 18 % aloin)

Inactive ingredients:

Magnesium stearate, microcrystalline cellulose and sodium starch glycolate.
Sugar free.
Suitable for vegans and vegetarians.

PHARMACOLOGICAL CLASSIFICATION

Category D Complementary Medicine
Discipline 33.6: Western Herbal Medicine

PHARMACOLOGICAL ACTION

Aloe contains 1,8-dihydroxyanthracene derivatives which possess a laxative effect. Aloinoids and aloins are respectively C,O- diglycosides and C-glycosides, which are not absorbed in the upper gut, but are converted by bacteria of the large intestine into the active metabolite (aloe-emodin-9-anthrone).
There are two different mechanisms of action:
1. stimulation of the motility of the large intestine resulting in accelerated colonic transit; 2. influence on secretion processes by two concomitant mechanisms viz. inhibition of absorption of water and electrolytes (Na⁺, Cl⁻) into the colonic epithelial cells (anti-absorptive effect) and increase of the leakiness of the tight junctions and stimulation of secretion of water and electrolytes into the lumen of the colon (secretagogue effect) resulting in enhanced concentrations of fluid and electrolytes in the lumen of the colon.
Defecation takes place after a delay of 6 - 12 hours due to the time taken for transport to the colon and metabolisation into the active compound.

INDICATIONS

Promotes bowel movements.
Provides relief of irregular bowel movements (constipation).

CONTRAINDICATIONS

- Hypersensitive (allergic) to any of the ingredients of VITAFORCE HERBAL DETOX AND CLEANSE.
- Pregnancy and lactation.
- Cases of intestinal obstruction and stenosis, atony, appendicitis, inflammatory colon disease (e.g. Crohn's disease or ulcerative colitis), abdominal pain of unknown origin, undigressed rectal bleeding, severe dehydration with depleted water or electrolytes, haemorrhoids or diarrhoea.

WARNINGS AND SPECIAL PRECAUTIONS

- Care should be taken in patients suffering from faecal impaction and undigressed, acute or persistent gastrointestinal complaints (e.g. abdominal pain, nausea and vomiting) as these symptoms can be signs of potential and existing intestinal blockage (ileus).
- If laxatives are needed every day the cause of the constipation should be investigated. Long-term use of laxatives should be avoided.
- Taking stimulant laxatives for longer than a brief period of treatment, may lead to impaired function of the intestine and dependence on laxatives. Aloe (as in VITAFORCE HERBAL DETOX AND CLEANSE) preparations should only be used if a therapeutic effect cannot be achieved by a change of diet or the administration of bulk forming agents.
- Patients should be advised to seek medical attention if symptoms persist or worsen.
- Theoretically, taking aloe (as in VITAFORCE HERBAL DETOX AND CLEANSE) might exacerbate kidney disorder. High doses have been linked to nephritis and kidney failure. Possible electrolyte imbalance should be considered in patients with kidney disorders.
- Aloe (as in VITAFORCE HERBAL DETOX AND CLEANSE) might affect glucose levels (see **INTERACTIONS**) and, theoretically, it might interfere with blood glucose control if used perioperatively. Patients should be advised to discontinue use at least 2 weeks before elective surgical procedure.
- Exercise caution in patients taking cardiac glycosides (digoxin) or antiarrhythmic medicines or thiazide diuretics, corticosteroids, liquorice root or other medicines that may aggravate electrolyte imbalance (see **INTERACTIONS**).

This unregistered medicine has not been evaluated by SAHPRA for its quality, safety or intended use.

INTERACTIONS

Theoretically, aloe (as in VITAFORCE HERBAL DETOX AND CLEANSE) may affect the following medicines:

- The adverse effects of cardiac glycosides (digoxin) and antiarrhythmics (e.g. amiodarone) can increase due to potassium depletion.
- Concomitant use with antidiabetes medicines (e.g. metformin) can increase the risk of hypoglycaemia.
- Overuse or long-term use of VITAFORCE HERBAL DETOX AND CLEANSE might compound diuretic-induced potassium loss, increasing the risk of hypokalaemia when taken together with diuretics such as chlorothiazide, furosemide and hydrochlorothiazide.

- Concomitant use with other hypokalaemia-inducing medicines (e.g. adrenocorticosteroids and liquorice root) may enhance electrolyte imbalance.

HUMAN REPRODUCTION

VITAFORCE HERBAL DETOX AND CLEANSE should not be used during pregnancy and lactation as safety has not been established (see **CONTRAINDICATIONS**).

DOSAGE AND DIRECTIONS FOR USE

Adults and children over 12 years of age: Take 1 tablet at bedtime. Allow at least 6-12 hours for laxative effect to occur.
Take a few hours before or after taking other medicines.
Take two to three times per week. If results are not observed, the frequency of use may be increased up to once daily.
For use beyond 7 days consult your healthcare practitioner.

SIDE EFFECTS

VITAFORCE HERBAL DETOX AND CLEANSE may produce abdominal pain and spasm and passage of liquid stools, in particular in patients with irritable colon. However, these symptoms may also occur generally as a consequence of individual over dosage. In such cases dose reduction is necessary.
Chronic use may lead to disorders in water equilibrium and electrolyte metabolism and may result in albuminuria and haematuria. Furthermore, chronic use may cause pigmentation of the intestinal mucosa (pseudomelanosis coli), which usually recedes when the patient stops taking VITAFORCE HERBAL DETOX AND CLEANSE.
Yellow or red-brown (pH dependent) discolouration of urine by metabolites, which is not clinically significant, may occur during the treatment.
Hypersensitivity, such as an allergy, has been known to occur; in which case, discontinue use.

KNOWN SYMPTOMS OF OVERDOSAGE AND PARTICULARS OF ITS TREATMENT

Treatment should be symptomatic and supportive. In the case of accidental overdose of the product, contact the nearest hospital or poison control centre.

IDENTIFICATION

Mustard, round, speckled tablet with a non-functional break line. Natural ingredients therefore tablets may vary in colour.
